| | Input Image | PCA Features (3 PC → RGB) |
|---|---|---|
| **iBOT (PSA = 0.71, SC = 0.57)** | |  |
| **OpenCLIP (PSA = 0.60, SC = 0.51)** | |  |
| **BEiTv2 (PSA = 0.45, SC = 0.34)** | |  |

*Higher PSA → spatially smoother features → better segmentation quality*
